

## Snohomish County Opioid Epidemic MAC Group: ECC Goals and Objectives

Goal	Objective Number	Objective	Coordinating Emergency Support Function	Supporting Emergency Support Functions	Start Date	End Date	Status (Dropdown List)	Comments
<b>Goal 1: Reduce opioid misuse and abuse.</b>	1 - 6.1	By August 31st, 2018, the Student Support Advocate (SSA) program will contact 6,000 students identified as high risk for chemical dependency or mental health issues. 3,000 of those students will engage in full case management, and approximately 430 will be connected to and engaged in substance use disorder services by the SSA's.	6		11.6.17			
	1 - 6.2	By June 30, 2018, Continua Consulting Group will provide consultation services in 18-20 schools equipping staff with Trauma-Informed knowledge and skills to improve effectiveness in working with all children, and especially children who have been/are directly impacted by trauma and Adverse Childhood Experiences. This could result in impacting approximately 11,222 elementary, middle and high school students.	6		11.6.17			
	1 - 6.3	By December 31 2017, all 14 Senior Centers will have provided education on opioids including proper use, handling and disposal of prescription medication to those 55 and older attending those senior centers.	6	8	11.6.17			
	1 - 6.4	During the calendar year 2018, Snohomish County Human Services will: <ul style="list-style-type: none"> <li>• Maintain the naloxone supply for 21 Law Enforcement Agencies and their staff.</li> <li>• Continue training as needed for 21 Law Enforcement Agencies to keep current and new staff trained in administering naloxone.</li> <li>• Provide quarterly naloxone trainings to the public</li> </ul>	6		11.6.17			
	1-6.5	During the calendar year 2018, Snohomish County embedded social workers (ESW's) will provide assertive outreach and engagement to homeless individuals living in encampments. Through this program: <ul style="list-style-type: none"> <li>• 120 individuals will be connected to detox</li> <li>• 110 individuals will complete detox</li> <li>• 120 individuals will complete a chemical dependency assessment</li> <li>• 80 individuals will complete treatment</li> <li>• 65 individuals will be connected to housing</li> </ul>	6	13	11.6.17			
	1 - 6.6	During the calendar year 2018, provide assessment, education and planning to 288 inmates to access Medication Assisted Treatment (MAT) upon release. Of the total inmates served, 40% will engage in MAT upon release.	6	13	11.6.17			
	1 - 8.1	Distribute 500 prescription lock bags at community outreach events by March 31, 2018.	8		11.6.17		In Progress	200 bags distributed
	1 - 8.2	Identify age appropriate school curriculum options for opioids/heroin education by March 31, 2018	8		11.6.17			
	1 - 8.3	Identify at least one school district willing to pilot the curriculum no later than the 2018-19 school year.	8		11.6.17			
	1 - 8.4	Expand syringe exchange program by 25% by June 30, 2018.	8		11.6.17		In Progress	
	1 - 8.5	Increase pounds of medicine returns by 15% by December 31, 2018.	8		11.6.17		In Progress	
	1 - 8.6	Increase providers prescribing suboxone by 10% by November 1, 2018.	8		11.6.17		In Progress	
	1 - 8.7	Reduce average wait time to enter opioid treatment programs (methodone, buprenorphine or other treatments) to less than 30 days by November 1, 2018.	8		11.6.17		In Progress	
	1 - 8.8	By December 31, 2018, reduce opioid overdose deaths by 10 percent.	8		11.6.17		In Progress	
	1 - 13.1	By March 31, 2018, Diversion Center will provide 40 beds to treat opioid addicted illnesses.	13		11.6.17			
1 - 13.2	Create a weekly report from the Snohomish County jail that tracks the number of inmates who test positive in booking for opiates, the number of inmates turned away from the jail for drug issues, and the number of inmates per week on a withdrawal watch by 5/31/2018.	13		11.6.17				
1 - 15.1	Within 30 days of being implemented, compile and disseminate a comprehensive list of Drug Take Back locations in Snohomish County.	15		11.6.17	11.13.17	Completed		
1 - 15.2	Within 30 days of the launch of ODMaP, collect number of reported overdose deaths and Narcan/Naloxone overdose reversals by first responders, compile and disseminate to the public to a website or online portal	15		11.6.17				

## Snohomish County Opioid Epidemic MAC Group: ECC Goals and Objectives

Goal	Objective Number	Objective	Coordinating Emergency Support Function	Supporting Emergency Support Functions	Start Date	End Date	Status (Dropdown List)	Comments
	1 - 15.3	By January 30, 2018, compile and disseminate a comprehensive list of addiction treatment services available to residents of Snohomish County.	15		11.6.17			
<b>Goal 2: Lessen the availability of opioids.</b>	2 - 8.1	Educate 100 Snohomish County physicians and/or dentists in best practices in pain control by June 30, 2018.	8		11.6.17		In Progress	
	2 - 8.2	Hold at least one focus groups with pharmacists and separately with veterinarians, by June 30, 2018	8		11.6.17		In Progress	
	2 - 13.1	As soon as possible, identify and prosecute pharmacies committing opioid prescription fraud.	13	15	11.6.17		In Progress	
<b>Goal 3: Reduce criminal activity associated with opioids.</b>	3 - 13.1	By June 30, 2018 Snohomish County law enforcement agencies will identify system to track opioid related crimes.	13		11.6.17			
<b>Goal 4: Use data to detect, monitor, evaluate, and act.</b>	4 - 5.1	By November 1, 2017 establish a data collection committee comprised of representatives from ESFs 4, 6, 8, & 13 that will identify all data sets being used by stakeholders and by November 30, 2017 identify best option to provide a layered data set that optimizes the use of available data.	5	8	11.6.17		In Progress	
	4 - 5.2	By December 31, 2017, develop a dissemination process that provides available data to all stakeholders.	5	7,8	11.6.17		In Progress	
<b>Goal 5: Reduce collateral damage to the communities.</b>	5 - 3.1	By May 1, 2018, develop training and implement sharps handling protocol for applicable County and agency staff, volunteers, and community members.	3	8	11.6.17			
	5 - 3.2	By May 1, 2018, initiate a program that integrates sharps disposal with current solid waste management processes, practices, and contracts.	3	8	11.6.17			
	5 - 8.1	By January 30, 2018, develop a protocol that ensures SHD will respond within one hour to any symptomatic environmental exposures to illicit drugs experienced by first responders or other public sector employees.	8		11.6.17		In Progress	
	5 - 8.2	By May 31, 2018, distribute 1000 needle cleanup kits to the community.	8		11.6.17		In Progress	500 kits distributed
	5 - 8.3	Identify current baseline levels of neonatal withdrawal syndrome within Snohomish County by March 31, 2018.	8		11.6.17			
	5 - 8.4	Provide at least one training on neonatal withdrawal syndrome to at-risk women by June 30, 2018.	8		11.6.17			
	5 - 15.1	By May 31, 2018, design and deploy a public information campaign regarding SHARP pick-up and disposal.	15	8	11.6.17			
5 - 15.2	Post to the web by March 1, 2018 a series of videos and content that attempt to de-stigmatize opioid addiction and measure reach by number of video "views" and webpage "hits".	15	8	11.6.17				
<b>Goal 6: Provide information about the response in a timely and coordinated manner.</b>	6 - 15.1	By November 1, 2017, stand up a Joint Information Center (JIC) at the ECC, which includes documenting JIC processes and procedures.	15		11.6.17	11.1.17	Completed	
	6 - 15.2	By May 31, 2018, develop a communications plan that addresses Whole Community, especially residents of Snohomish County who are hard to reach (e.g. homeless, mentally ill, ESL communities) through traditional channels (news media, social media)	15		11.6.17			
	6 - 15.3	By November 1, 2017, establish a Joint Information System (JIS) incorporating public information officers (PIOs) from all affected sectors across Snohomish County, including public safety, schools, agency partners, and other stakeholders.	15		11.6.17	11.1.17	Completed	
	6 - 15.4	Within 45 days, develop an interagency communications plan that supports the accomplishments of all objectives and shares information across all ESFs and affected communities within Snohomish County.	15		11.6.17			
	6 - 15.5	Create and launch a marketing and communications strategy for MED-Project (safe medication disposal sites) by February 1, 2018.	15		11.13.17			

## Snohomish County Opioid Epidemic MAC Group: ECC Goals and Objectives

Goal	Objective Number	Objective	Coordinating Emergency Support Function	Supporting Emergency Support Functions	Start Date	End Date	Status (Dropdown List)	Comments
<b>Goal 7: Ensure the availability of resources that efficiently and effectively support response efforts.</b>	7 - 5.1	By December 1, 2017, compile a list of point of contacts for each ESF Coordinating and Supporting Representative.	5	7	11.6.17	11.13.17	Completed	
	7 - 7.1	By January 30, 2018, identify resources (funds, staff, time) already in use in order to accurately capture the amount of spending done countywide on opioid response.	7		11.6.17			
	7 - 7.2	By January 30, 2018, develop a streamlined review process that provides resources as expeditiously as practicable.	7		11.6.17			
	7 - 7.3	By November 1, 2017, assign a point of contact in each department under the Snohomish County Executive to respond to requests received by the workgroup participants.	7		11.6.17	11.1.17	Completed
